

Specialist William Pierce Biography  
By: Kayla Bisnett

Specialist William Pierce was born on June 10, 1988 and is from Collinsville, Mississippi. He is married and has two daughters. Specialist Pierce has been in the Army for two and a half years and hasn't been deployed until now. He is a little nervous about going to Iraq, but he is lucky because his wife is very supportive and his children understand why he has to go. He is a 13 Fox fire Specialist (FIST) in the Army and his favorite weapon is an M4 carbine. Before joining the Army he was a lifeguard and he joined the Army, initially, because of the signing bonus. After he leaves the Army, he plans to move back to his home town in Mississippi. His childhood dream job was to play football in the NFL. His favorite subjects in school were football and science. He speaks Filipino fluently.

Specialist Pierce enjoys four wheeling, dirt biking, go-carting, and motorcycling. He also likes to drive his dune buggy. His favorite hobbies are sleeping and building stuff. His favorite color is blue, which is also my favorite color and he likes to listen to country music. He likes watching the Broncos play football and also enjoys watching "Fight Quest" on television. His favorite truck is a Dodge Ram 1500 lifted with 35's.

Specialist Pierce and I have many things in common. We both like horror movies, thrillers, and being active. I am looking forward to keeping in touch with him and am hoping that he stays safe while he is in Iraq.
