

Staff Sergeant Donald Thomas Bio
By: Chris Bonno

Donald Thomas is a 42 years old Staff Sergeant from Birmingham Alabama. He has been serving our nation for 22 years in the Army. He is the 13th Delta weapons specialist, and this will be his 3rd time doing this job. His first place of service for the Army was in Germany. He said he loved Germany and after the service he has thought about moving back. When I asked him why he joined the army; he said it was to get away from home and venture out to see what the world holds.

When I talked to him I thought he was going to be very military like but I realized he wasn't any different than us. Donald's favorite color is orange and likes to eat coleslaw. When I was talking to him he kept telling me how Syracuse had stolen Auburn colors and how bad they were. Donald likes to watch the Pittsburgh Steelers and the Auburn Tigers. In his spare time he likes to play chess on the computer or against friends. I asked him what his favorite vehicle is and he said it would have to be a yellow Ford ranger.
